

I have been going through a lot of the lectures and sections you have got on your website and I truly appreciate your efforts. I will be back to watch more lectures from this great scholar. So far, the topics covered have been excellent. I am now listening to this lecture from Shaykh Safur Rahman Al-Mahmudi so as to understand what hadeeth is all about. I had previously taken two semesters of Islamic Studies at college level but these "esoteric" areas are not fully understood without additional study (which was not offered for some reason). The content is very high quality and well thought out. The topic selection is excellent. I have enjoyed the lectures so far and even learned a few things from them. Asalamu'alaikum, this has been a great eye opener and only underlines the greatness of our beloved messenger (saw) and how we should try to make his sunnah an established way of life for us through our daily deeds. I am someone who has been read private shaykh, and after listening to this lecture it gives me an insight that the highest level of knowledge (awheez) can be obtained by using the above mentioned sciences and we should apply it positively and not solely for our benefit. I have been going through a lot of the lectures and sections you have got on your website and I truly appreciate your efforts. I will be back to watch more lectures from this great scholar. This lecture describes in detail all aspects of the one thousand hadith quoted by Imami al-Tirmidhi. It also shows the tawtheeth, tahtheez, tahyeez, tahezaat, hadeeth but not clear hidayaat. Shaykh Safur Rahman Al-Mahmudi's book "Hidayat al-Islam" is not only a must have for every Muslim but for everyone who wishes to understand Islam better. The book can be referred to as the most comprehensive treatise on hadeeth that has ever been written in Arabic or any other language. Shaykh Safur Rahman Al-Mahmudi has taken great pains to explain all the sources of hadith mentioned in Tirmidhi's collection. I just wanted to let you know that I downloaded the lecture and listened to it and found it very interesting and God-forbid I wasn't finished yet because what happened was that I got into a car accident. So hopefully the next time we meet we will talk about this lecture that you sent me. By Allah, I was so happy when he started talking about what happens in the grave so if Allah wills it, we will talk again about this lecture or another one.
